

全周光景觀矮燈

I-MAGO

BB07

本款矮燈頂部具防眩裝置，可有效將光導至地面，避免向上眩光。全周光設計散射均勻，營造照明氛圍。可應用於中庭景觀、公園步道、休憩園區及公共廣場照明。

This low-light anti-glare device can effectively guide light to the ground to avoid upward glare. The full-circumference design spreads evenly to create a lighting atmosphere. It can be applied to atrium landscape, park trails, rest parks and public square lighting.
